Subpart D—Grant Procedures

SOURCE: 55 FR 21544, May 25, 1990, unless otherwise noted.

§ 1206.50 Types of grants.

(a) *General.* The Archivist of the United States, after considering the advice and recommendations of the Commission, may make three types of NHPRC grants: Outright grants, matching grants, and combined grants.

(b) *Outright grants.* An application for an outright grant requests an NHPRC grant for the entire cost of a project, minus the share of the cost borne by the applicant. The maximum possible cost sharing is encouraged in every proposal, and the level of cost sharing will be an important factor in the Commission's recommendation on most types of proposals.

(c) *Matching grants.* An application for a matching grant should be made when an applicant has prospects of securing financial support from a third party or, in the case of a State or local government agency, funds from the institution's own appropriation source are provided expressly for the project proposed in the application. Upon Commission approval of a matching grant request, the applicant shall present written documentation certifying that matching funds have been provided for the project by the non-Federal source. In the case of a State or local government agency, the matching requirement may also be met through matching funds from the State or local government, provided that it can be dem-

onstrated to the Commission's satisfaction that the matching amount has been provided above and beyond funds previously allocated or planned for the agency's budget and that the funds are set aside exclusively to support the project proposed for an NHPRC grant. Applicants need not, however, have money in hand to make a matching grant request; they need only assure the Commission that they have reasonable prospects of obtaining the needed amounts.

(d) *Combined grants.* A combined grant comprises both outright funds and matching funds. When the funds an applicant can raise plus the equivalent amount of an NHPRC grant do not equal the required budget, the difference is requested in outright funds. For example, if the applicant needs \$75,000 and is able to raise \$25,000 in gifts or in a new appropriation for the project, a combined grant of \$25,000 outright and \$25,000 in matching funds for a total of \$50,000 should be requested from the Commission. Rules governing the release of matching funds in matching grants also govern the release of matching funds in combined grants.

§ 1206.54 Who may apply.

The Commission will consider applications from State and local government agencies, nonprofit organizations and institutions, Federally acknowledged or state-recognized Native American tribes or groups, and, under certain conditions, from individuals. Proposals for State projects falling under the Commission's goals, "To Assure the Preservation of the Nation's Documentary Heritage through State Collaborative Efforts" and "To Achieve Progress in the Preservation and Use of Original Source Material," as defined in the grant program guidelines, will be accepted only from applicants in

(a) *Contact with NHPRC staff.* The Commission encourages applicants to discuss proposals through correspondence, by phone, or in person with Commission staff and/or, in the case of records proposals, with the appropriate State historical records coordinator before the proposal is submitted and at all stages of development of the proposal.

§ 1206.66 Review and evaluation of grant proposals.

(a) *Records grant proposals.* For records grant proposals, State historical records advisory boards review and evaluate proposals for State projects and forward recommendations for action to the Commission. The Commission staff shall be informed of the recommendations. All records grant proposals for which recommendations for Commission action are received from State boards and
